

A Technology Transfer and Federal Marketplace Event

NAVY INNOVATION FOR COMMERCIAL DEVELOPMENT

FEATURING PRESENTATIONS FROM THE NAVAL SURFACE WARFARE CENTER, INDIAN HEAD

Since 1890, the Naval Surface Warfare Center, Indian Head, a U.S. Department of Defense Center for Energetics, has been developing cutting-edge engineering solutions that help keep the United States Navy the most advanced naval force in the world.

This world leader in engineering research and development is available to work with private sector companies to solve 21st century technical challenges.

Who should attend the showcase?

Companies in any of the following sectors and industries:

- Homeland Defense
- Logistics
- Industrial Protective Processes
- MEMS Sensors
- Security and Safety
- Novel Chemical Applications

The day features:

- Technical licensing opportunities
- Cooperative agreements
- Development prospects
- Examples of successful partnerships and licensing
- Unique facilities available to the private sector
